#### Handling fee for overseas remittance

If overseas remittance is selected for payment, an overseas remittance handling fee as determined by the bank must be paid to the bank. Payment of this fee is the responsibility of the purchaser. This cost is estimated to be 3,000-8,000 yen.

#### Remittances Received

For overseas remittance, a remittance received handling fee is incurred by the bank when money is sent through the bank. A flat fee of 5,000 yen is added to the billing in addition to the other expenses.

#### Shipping

Shipping is handled by DHL or EMS.

#### Packing

The valuable dolls are carefully packed and delivered. 132cm dolls are placed in an exclusive cardboard box, 161cm dolls in an exclusive wooden box.

#### Purchasing a single doll head

Purchase of a single head is limited to customers who have previously purchased a doll (set of head and body). Multiple heads may be purchased at the time of the purchase of a doll (set of head and body). The price of a single head is JPY 50,000.

#### Doll repair

Currently, repairs are not accepted for products sold overseas. We offer our sincerest apologies.

#### Variation between the photos and the actual product

All products are made by the same doll mold as the doll shown in the sample photos. However, there are slight variations in each doll due to being manufactured by hand and the application of make-up. Please view such differences as part of the doll's individual personality.

#### Brace marks

There is a mark about 1cm diameter (brace mark) in the middle of the back, both sides of the waist (around base of the thigh), and both soles of the feet, and a 1mm mark on both the left and right wrists. There is also a mark on the top of the head (hidden when wearing a wig). Please be aware that there are marks on the body.
